November E-Newsletter

Stay informed with the latest news, events, product information & more!

RadonAway will be closed on November 22-23, 2018 for the holidays.

'Tis Always the Season: Test, Re-test, Repeat!

Whether you are in the Radon Measurement field or Radon Mitigation, both require radon testing products. And with multiple labs now, we've always got you covered with an array of short and long term radon testing products and analysis!

Short-Term Radon Testing

- Liquid Scintillation
- PicoCan Charcoal Canisters

2 Products To Make Your Clients Even Happier...

**SDB110C Dryer Boost Fan Kit
(P/N 28259)**

**SDB110P Dryer Boost Fan Kit
(P/N 28131)**

- Radon in Water Testing

Long-Term Radon Testing

- Alpha Tracks
- Radon Monitors

Plus...Our Professional Laboratory Analysis is Included!

Lung Force Expo in MA

Spruce's Paul Owens, Pat Everett, and CanSAR's Angel Price attended the ALA's Lung Force Expo in Framingham, MA. They joined forces with health professionals, lung cancer patients, and advocates from all over to discuss lung health. Our team spoke to radon's effects on lung health and reminded attendees that November is Lung Cancer Awareness Month – the perfect time to take action and test homes for radon!

Visit RadonAway's Facebook page at www.facebook.com/radonaway to see more Lung Force Expo photos.

November is Lung Cancer Awareness Month.

Here are some lung cancer numbers everyone should know:

#1 = lung cancer ranking among cancer death causes each year

234,030 = estimated new cases of lung cancer in 2018

154,050 = estimated deaths from lung cancer in 2018

1 in 15 = the chance a man will develop lung cancer in his lifetime

1 in 17 = the chance a woman will develop lung cancer in her lifetime

1 every 25 minutes = someone dies from radon-induced lung cancer

HAPPY THANKSGIVING EVERYONE!
