### SIMPLE

OUR NEW LV175  
LOW VOLTAGE RADON  
FAN SIMPLY PLUGS  
IN AND GETS  
THE JOB DONE.

**NEW!** LV175 RADON FAN

Our New RadonAway LV175 Low Voltage Radon Fan (P/N 28537) includes a power supply equipped with a 2-prong power cord for connecting to 120v AC power and weathertight 2-PIN DC connectors for connecting the power supply to the fan. No additional electrical work is required.

#### LV175 Fan Features:

- Pro Series Stay White™ Housing
- 24 VDC
- Water-tight Fittings Included
- 2.0" Max Pressure
- 187 CFM @ 0.0" WC
- 162 CFM @ 0.5" WC

#### Find The Flexible Couplings You Need, Easily.

RadonAway offers a variety of flexible couplings that are UV tolerant and chemical resistant for attractive outdoor installations. Available in white, black, and gray.

Sizing is not an exact science when it comes to flexible couplings.

Here are 4 quick tips to get your couplings to always fit:

- Put the coupling on the fan before putting it on the pipe.
- It's better to shoehorn the tighter end on first.
- Lubricate the inside of the coupling or outside of the fan vent with a small amount

- Under 90 Watts
- Inlet/Outlet 4.5" OD
- ETL Listed for Indoor and Outdoor Use
- Standard configuration 11' from electrical outlet to fan (5' from power supply)
- 10', 25', and 50' cable extensions available/sold separately as accessories
- Two-year limited warranty

Low Voltage Radon Fan LV175

- of dish or hand soap.
- Warm the coupling near a heat source (vehicle heater, hair dryer or heat gun, for example). DO NOT overheat and over-soften the coupling.

Flexible Couplings

**Not Sure Which Way To Go With Fan Selection Or Replacement? We've Got You Covered!**

We know every soil condition can vary and it can be challenging at times to identify the best products for the job. That's why we put together a fan specification and fan replacement chart for you to reference when you need it the most - on a job site, in your truck, at your desk, or anywhere else you might want to quickly check for fans specs and replacements.

As always, we are committed to providing you with not only the highest quality radon mitigation products but also information to help you provide expert, effective professional radon services.

Fan Selection Specifications and Guidelines

**Spring Is Nearly In The Air. Are Your Customers Prepared?**

More than 50 million Americans suffer from allergies each year according to the Centers for Disease Control and Prevention. Get ahead of the allergy and cold season as a solution provider with these key products:

**Air Purifier Deluxe (P/N 28238)**

**Super V Whole-House Air Purification System (P/N 28525)**

- Medical grade, award-winning, patented DFS Technology now available for residential use
- Eliminates dust, dander, pollen, mold, bacteria and viruses
- Favorable margins, residual revenue & easy installations
- Made in the USA
