

# RADON PRO HYBRID SEALANT

#### **EXCLUSIVELY FROM RADONAWAY®**

RadonAway® Radon Pro Hybrid Sealant (P/N 28523) meets most basement and crawlspace needs. Use our hybrid sealant for sealing expansion and control joints (i.e., wall joints, copings, window and door perimeters, etc.). This easy-to-use, professional grade sealant is long-lasting, self-leveling, non-sag and moisture curing. It contains little to no solvent and is virtually odor free.

### **FEATURES**

- Professional grade polyurethane\*
- · Non-yellowing limestone color
- Moisture-curing
- · Elastomeric (non-sag)
- Allows ±50% joint movement
- Long-lasting seal
- Low VOC content
